SAMHSA
Where is ATR provided?

- Bernalillo County
- Doña Ana County
- Santa Fe County
- Curry County
- Five Sandoval Indian Pueblos
- Deming
- Alamogordo
Central Intake Functions

ValueOptions New Mexico contracts with four Central Intake (CI) sites to provide the following service:

- Administer the Addiction Severity Index (ASI) to all prospective clients to assess need.
- Determine appropriate intervention and referral.
- Refer to the Recovery and Support Services Coordinator (RSSC) for support services need and referral.
- Completion of GPRA
Central Intake Functions

- Both the CI and the RSSC are responsible to maintain client contact, track voucher use and client progress through the ATR system.
- CI performs ongoing GPRA (Government Performance and Results Act) at intake, discharge, and 6-month follow-up
- RSSC tracks client services for appropriate use.
Path Model for Individual Clinical Assessment

1. Eligibility Determination
2. Intake Documentation
3. Assessment
4. Determine Level of Care
5. Individual Chooses Provider
Clinical services

0.5 Early intervention
Level I Outpatient
Level II Intensive Outpatient Services
Path Model for Individual Recovery Support Assessment

1. Assessment
2. Select Services
3. Individual Chooses Provider (s)
Recovery Support Services
